Stakeholders meeting addresses efficiency

The Durban and Coastal Mental Health in partnership with Wentworth Hospital under the umbrella of Ward 68 war room (OSS) successfully held a stakeholders meeting of departments who are directly involved with mental health cases.

Patricia Dove from WOW and Sharin Rajman, department chairman OSS, co-chaired the meeting. The Mental Health Review Board consists of Brighton Beach SAPS, court prosecutors, TAFTA, Social Development, Child Welfare, Ekuhlengeni Psychiatric Hospital and local NGOs. The aim of the meeting is to address efficiency, service delivery and work as a team. The organisation encourages the community to participate in dealing with such cases.
